“Elderly and Depression”

Thursday, January 28, 2010

Speaker: Sherri Kist, RN, BSN; *Community Nurse Liaison for Good Samaritan Senior Behavioral Health Unit*

About the seminar: By attending this seminar, participants will gain a better understanding of depression, how it is defined and how to identify elderly patients at risk for depression. The seminar will also go over symptoms and features of depression. Treatment modalities, including new treatments will be discussed as well as interventions and local resources. Participants will leave this seminar with a better understanding of how to recognize, diagnose and treat their elderly patients with depression.

“Upper Cervical Care: A New Approach for Treating a Variety of Conditions and Diseases”

Thursday, February 25, 2010

Speakers: Dr. Brent Owens and Dr. Gina Dalessandro; *both Chiropractors with a Specialty in Upper Cervical Care at the Upper Cervical Health Centers of America*

About the seminar: Dr. Brent Owens and Dr. Gina Dalessandro from Upper Cervical Health Centers of America, in Cincinnati, will be presenting the latest health information and research on a rapidly growing form of health care, Upper Cervical Care. Conditions such as migraines, sleep disorders, high blood pressure, diabetes, multiple sclerosis, ear infections, reflux and many more have responded very well to Upper Cervical Care. The doctors will speak in depth about the neurology and biomechanics of the upper cervical spine and how it affects all body healing.

“Future Planning for Individuals Who Have Disabilities”

Thursday, March 18, 2010

Speaker: Kathleen Morris, MS, LPC; *Associate Director at the Community Fund Management Foundation*

About the seminar: Planning for the future of an individual who has a disability is critical! For some individuals, it is difficult to begin planning. Perhaps they do not know what to do or where to begin. Many issues need to be addressed, e.g. legal, financial (e.g. maintaining government benefits), who will watch over the person, living arrangements and more. It is important that professionals can guide clients in the issues needing planning, and perhaps how to choose individuals who can assist them.

“Autistic Disorder, Asperger Syndrome, PDD-NOS: An Overview of What We Know and What We Need to Know”

Thursday, April 29, 2010

Speaker: Dr. Jennifer Brown, PhD, CCC-SLP; *Outreach Coordinator for the Kelly O’ Leary Center for Autism Spectrum Disorders at Cincinnati Children’s Hospital*

About the seminar: This seminar will focus on Autism Spectrum Disorders including: Autistic Disorder, Asperger Syndrome and Pervasive Developmental Disorder-Not Otherwise Specified. Information will be presented about identification, diagnosis and current research regarding the incidence, possible causes and outcomes of these disorders. The seminar will also address sensory, communication, social, cognitive and physical aspects of these disorders.

“Professional Ethics”

Thursday, May 20, 2010

Speaker: Dana Moran, MSW, LISW-S; *Director of Social Work & Pastoral Care for St. Luke Hospital*

About the seminar: At one time or another, every helping professional encounters an ethical dilemma. We will discuss foundations for ethical decision making and a model to make this process a bit clearer. Our focus will be on the professional relationship, client self-determination and value conflicts that can arise. We will examine several case studies, share experiences and find ways to avoid ethical pitfalls. Professionals will leave this seminar with a better understanding of the process of ethical decision making. The seminar satisfies the ethic requirement for license renewal.

“Understanding AD/HD”

Thursday, June 17, 2010

Speaker: Robin Bryant; *Information Specialist for the Southwest Office of the Ohio Coalition for the Education of Children with Disabilities (OCECD)*

About the seminar: Attention Deficit Disorder/Hyperactivity is commonly diagnosed and much has been written by the medical profession. Yet the practical day-to-day implementation of this information has often been neglected. Participants will gain a better understanding of the history of AD/HD and how it affects children and adults alike. Participants will learn the three types of AD/HD and the characteristics of each. Participants will also learn techniques to work with those diagnosed both in school and in the home.

Cancellation and Payment

Cancellation must occur at least 3 days before a workshop to receive a full refund. After that, if you are unable to attend, you will receive a credit good for a future workshop within the next seminar series, as long as you call by the same day as the seminar.
